**Sharakah Shares its Experience at a Conference in South Korea**

Sharakah amongst other leading innovation and entrepreneurship development organizations in Oman received an invitation from Korea Advanced Institute of Science and Technology (KAIST) to attend the 2017 Global Commercialization Conference and Workshop held in Daejeon, South Korea. The Conference and Workshop are held under the theme of "Global Commercialization for Innovative Development". The conference will be a platform for participants to discuss the current situation, challenges and advancements relating to the global collaboration for technology transfer and commercialization.

During the event, Sharakah will sign a Memorandum of Understanding with the Korean Global Commercialization Center to implement active cooperation in the field of technology commercialization between Sharakah and KAIST GCC.

Sharakah will also deliver a presentation about the entrepreneurship and innovation ecosystem in Oman along with the services that Sharakah offers. The presentation will be delivered by Mr. Dinkar Kishor, Deputy General Manager of Sharakah.

Commenting on this, Mr. Dinkar Kishor, Deputy General Manager of Sharakah said: "We are delighted to be invited to attend this prestigious event as we believe it is indeed a valuable opportunity to collaborate with international organizations on developing the technology commercialization. We thank KAIST GCC for this opportunity and looking forward to fruitful results."

A representative of KAIST GCC also commented by saying: "We thank Sharakah for being our partner towards developing the technology commercialization and we believe their efforts, knowledge and experience in the field of startups and incubations are of high value to ensure achieving the targeted objectives."
