

Day 1 Program of Conference

May 8th(Wed), 2019 at Lotte City Hotel Daejeon – Crystal Ballroom

13:00 ~ 13:30 Registration

Opening Ceremony & Keynote Speech (Moderator: Prof. Jae-Jeung Rho, Director of ITPP, KAIST)

- 13:30 ~ 14:10
- Opening Address: Mun-Keel Choi, Director of KAIST Global Commercialization Center
 - Welcome Message: Sung-Chul Shin, President of KAIST
 - Congratulatory Message: Young-Soon Park, Vice Mayor of Daejeon Metropolitan City
 - MOU(Memorandum of Understanding) Signing Ceremony
 - Commemorative Photograph

- 14:10 ~ 15:30
- Keynote Speech 1: Dra. Florencia Ferrer, CEO of e-Strategia Publica, Brazil "Latin America: the challenge for institutional and technological innovations"
 - Keynote Speech 2: Hyun Kim, Assistant Vice President of Electronics and Telecommunications Research Institute, "IoT Tech Trends and its Applications"

15:30 ~ 15:50 Break Time

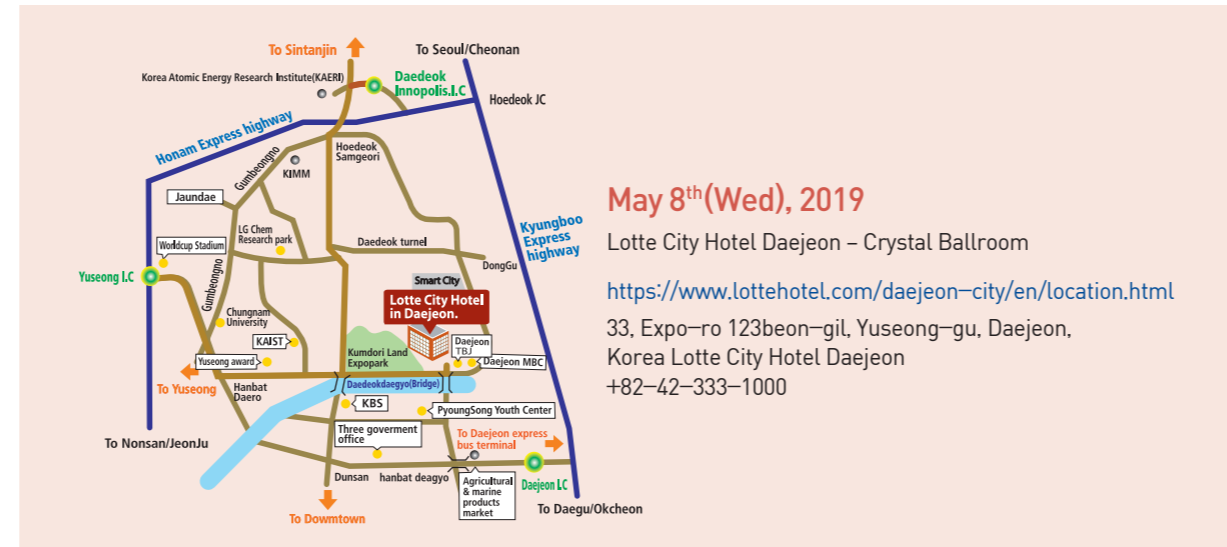

Session 1 (Moderator: Dr. Sang-Keon Lee, Senior Research Fellow of KRIHS) – Smart City

- 15:50 ~ 17:30
- Young-Joon Moon, Chief Director of The Korea Transport Institute, "Urban Connected Automated Shuttle System Development"
 - Ick-Hoi Kim, Associate Research Fellow of Korea Research Institute for Human Settlements, Smart City Research Center, "Smart City & Future Direction"
 - Sang-Keon Lee, Senior Research Fellow of Korea Research Institute for Human Settlements, "Global Smart City Development Consulting and its Implication"
 - Jong-Youl Park, Managing Director of Electronics and Telecommunications Research Institute, "Dumping Action Detection in Real World (Deep Learning and its Application)"

17:30 ~ 20:00 Welcoming Dinner at Lotte City Hotel Daejeon

09:00~12:00 / Session5 Bio, Health, Cosmetics
13:30~15:30 / Session6 Smart Agriculture
16:00~18:00 / Session7 Investment

Welcoming Message

On behalf of the Organizing Committee for 2019 Global Commercialization and Workshop, I am pleased to organize this event and be honored to invite you.

Increasing emphasis on global technology commercialization builds up considerably as we move further into the 21st century. Technology transfer and commercialization is one of the keys to establish economic development with industry and to accelerate the national competitiveness. To commercialize technology internationally, it is required to have strategic ways of access to profound intellectual resources. Therefore, a global cooperative network will play a vital role to drive better achievement. With regard to creating international joint efforts, it is crucial to take part in each stage from a nation's governmental level to levels of research institutes, industrial and academic communities.

The workshop will be held under the theme of "Global Commercialization Workshop for Innovative Development" on May 8th to 10th in KAIST Daejeon, Korea. Through this event, we are expecting to have the professional entities in the field of ICT & AI, Energy, New Materials, Bio, Health, Cosmetics, Smart Agriculture, and Investment. In addition, there will be not only strategies of global cooperative network for technology commercialization but practical acknowledgment by international and domestic experts of technology transfer, co-research project, and ways of collaboration.

Since this event brings all the cooperative partners together – from government representatives, R&D researchers, and industry partners, your participation will be considered countlessly valuable in terms of drawing relationship of international cooperation.

We look forward to having opportunities to build mutually beneficial relationship through this meaningful event. Also, we appreciate all the speakers and participants, domestic and international, for taking time out to attend and to support this event. Thank you.

Professor Mun-Keo Choi

Director of KAIST Global Commercialization Center

Day 2 Program of Workshop
