**128.01%**  
**growth**

Mobile - Internet Service  
(per 100 habitants, 2014)

**89.9%**

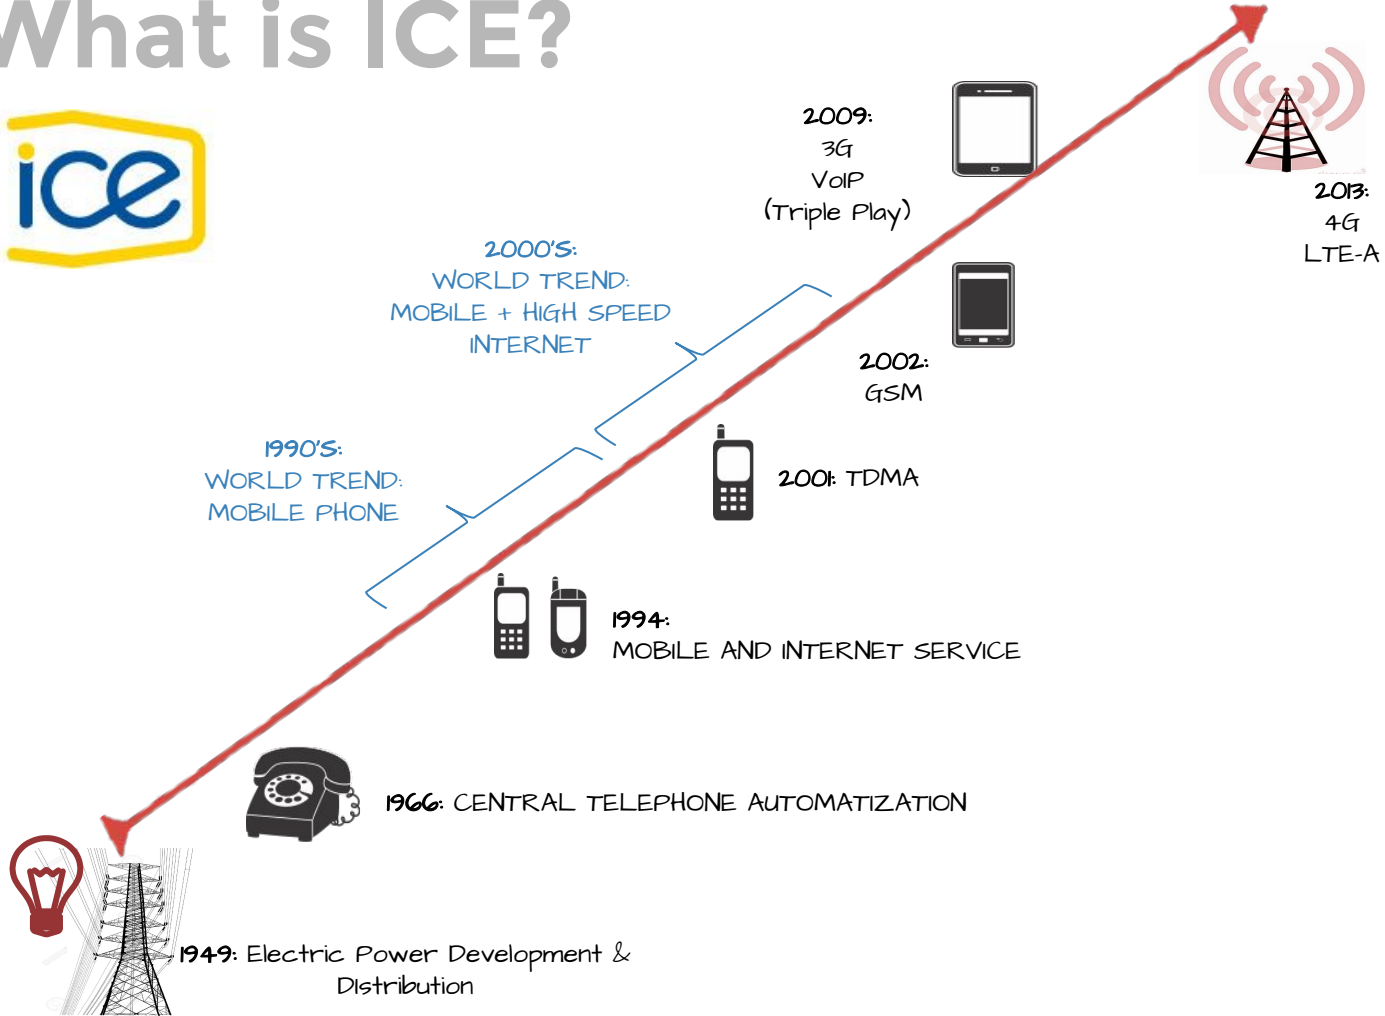

# On-going Accession Process

- ✓ **Contributing member to the Board of Digital Strategies Government.**

# What is ICE?

The Costa Rican Electricity Institute (ICE) was established with the aim to provide **electricity** and distribute **power**, across national territory.

**Law No.449 April 8, 1949**

But in **1963** an additional goal was added to its vision:

- ▶ the establishment , improvement , extension and operation of telephone services , wireless telegraphy and radio-telephone in the country.

...a tu lado 

TODAY ICE IS CONSTITUTED BY:

COMPAÑÍA NACIONAL DE FUERZA Y LUZ, S.A. (CNFL)

Digital Promotion Agenda  
[President Rodríguez 1998-2002]

National ICT Commission  
[President Pacheco 2002-2006]

Digital Government Intersectorial  
Commision  
[President Arias 2006-2010]

Digital Government Division (ICE)  
[President Chinchilla 2010-2014]

OUR e-  
GOVERNMENT  
MILESTONES

## **2006-2009** **MILESTONES:**

# eGovernment & Transparency

**2015**

## PROJECT PORTFOLIO NICHES:

### Digital Economy

- ▶ **Universal Access, Universal Service, Solidarity**
- ▶ **Digital literacy**

### Digital Economy

- ▶ **Digital broadcasting**
- ▶ **Networks and Radio Spectrum**
- ▶ **E-commerce**

### eGov & Transparency

- ▶ **Near government**
- ▶ **Environmental Sustainability**

## Our role

- ICE is a historical technology partner for Costa Rica government.
- RACSA will act as a unit that implements strategic projects chosen by the Government of the Republic.

## Our role

- ICE (and its subsidiaries) are enabled to offer services of electricity, telecommunications and infocommunications, as well as other information and convergence-related products and services.

## Our role

- That could be done directly or through agreements, associations, strategic alliances, or any other kind of partnership with other national or foreign, public or private, agents or companies.

# 2.

## Lessons Learned

## LESSONS LEARNED:

- Culture & Language Barrier
- Technology Transfer & Capacity Building
- Work Process Methodology (Finding Common Ground)
- Open Mindedness and Flexibility
- Local Agent

# 3.

## The Way Ahead

# Future Global Collaboration Korea - Developing Countries

HOW DOES **THE WAY AHEAD** LOOK LIKE?

## Strengths

- Racsa has flexibility for doing associations with commercial partners
- Legal framework allows direct contracts with Racsa

## Weaknesses

- Racsa needs to strengthen its IT service model
- Racsa main expertise is focused on telecommunications

## Opportunities

- Government + Academia + Industry cooperation
- A much more diverse technological offer
- Clients change their behavior: contracting services

## Threads

- Changes in legal framework

# 감사합니다

Muchas Gracias
